DeKalb Leadership Development provides leadership training to enable volunteers to effectively serve our community. Here is what former attendees and employers have to say about our program.

"Sometimes we feel we can't always achieve our goals, but with the help of DeKalb Leadership, I'm much more confident that no goal is too far out of reach to achieve. I would encourage any employer to have their employees participate in this great opportunity to help strengthen employees' knowledge of the county and give them the confidence to be a community leader."

**Kathy Kelham
Garrett State Bank**

"I have learned so much in a few months that should have taken me years to learn. The contacts and people I met will be invaluable for the future of the Y and I made some friends along the way."

**Karen Sharpnack
DeKalb County YMCA**

"I would like to thank everyone for the terrific learning experience. It is great to put names with faces and to find out more about the needs of the county and where I could help. This was certainly time well spent."

**Sharon Fouke
Auburn Cord Duesenberg
Automobile Museum**

"I appreciate the dedication and passion displayed in your program. The class offered is greatly benefiting my leadership team. I now have 6 graduates in my Distribution Center."

**Ronnie Irwin
Wal~Mart Distribution Center 6074**
